In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Horry Telephone Cooperative, Inc. (“Horry”) hereby certifies that it is in compliance with applicable service quality standards and consumer protection rules. Horry is subject to consumer protection obligations under both federal and South Carolina state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of the Public Service Commission of South Carolina which disclose rates, and terms and conditions of service to customers (Section 103-612.2.1 of the South Carolina Code of Regulations); (2) adherence to state consumer protection requirements governing telephone providers which govern Standards and Quality of Service (Sections 103-661, 103-662, and 103-663 of the South Carolina Code of Regulations); Customer Relations, including billing,

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

deposits, discontinuance and termination of service (Sections 103-620 through 103-633 of the South Carolina Code of Regulations); Engineering and Safety Standards (Sections 103-640 through 103-646 and 103-670 through 103-672 of the South Carolina Code of Regulations); Inspections and Tests (Sections 103-650 through 103-653 of the South Carolina Code of Regulations); Records and Reports (Sections 103-610 through 103-619 of the South Carolina Code of Regulations) and Customer Complaints (Section 103-628 of the South Carolina Code of Regulations); (3) truth-in-billing requirements (Section 103-622.1 of the South Carolina Code of Regulations); and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

Horry Telephone Cooperative, Inc. ("Horry") hereby certifies that it is able to function in emergency situations as set forth in 47 C.F.R. § 54.202(a)(2)¹ and Section 103-646 of the South Carolina Code of Regulations. Horry's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2) and Section 103-646 of the South Carolina Code of Regulations. Horry can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow Horry to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. Horry has battery backup at all office locations and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all Central Office locations. They will continue to run as long as Horry has access to propane.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

C. Certification

1. Each subscriber to Lifeline Assistance must provide documentation of income-based or program-based eligibility and certify in writing to the Cooperative, under penalty of perjury, that the subscriber receives benefits under a program outlined in paragraph B above, and must on that same document, agree to notify the Cooperative if the subscriber ceases to participate in the program(s) or to meet income eligibility requirements.
